We Get Rave Reviews

I'm a mother of a deaf child and I am very satisfied with the program. My son, Erick, really enjoys playing baseball. By playing baseball my son has learned to be responsible, to share with others, and to follow directions. Thanks to all the staff for making the program possible. I encourage the parents of deaf children to sign up their children for the next baseball camp.

My 15 year old son has been going since he was 7 or 8 and LOVES it. I remember the first year he was standing on first base staring at bugs flying in the air instead of paying attention to the game. Larry had to run out to him to get his attention and show him how to watch the batter/runner. Now he is an old pro every August. Scott has met new and old deaf friends each year and looks forward to it every year. Thank you for giving him this opportunity.
